Qualified candidates are encouraged to apply and submit a resume at www.t-mobile.jobs. After completing the application process, they will be asked to complete a 12 item questionnaire followed by a 45 minute assessment.

Over the next few months, the company expects to hire for more than 40 technical support positions starting in March.

T-Mobile's state-of-the-art Customer Service Centers provide employees with the latest telecommunications tools and customer service technology. Our two Customer Service Center offer employees several amenities, including an on-site workout facility, cyber café, television lounge and deli.

Employees at the facility are dedicated to helping more than 33 million T-Mobile customers stay connected to those who matter most.

T-Mobile is an industry-leader in wireless customer care. Recently, the company achieved the highest ranking in a tie for the J.D. Power and Associates 2009 Wireless Customer Care Performance Study – Volume 2. Since 2004, T-Mobile has received the highest ranking in eight of the last 11 Customer Care Performance Studies conducted by J.D. Power and Associates.
